

# EZ-sensor®

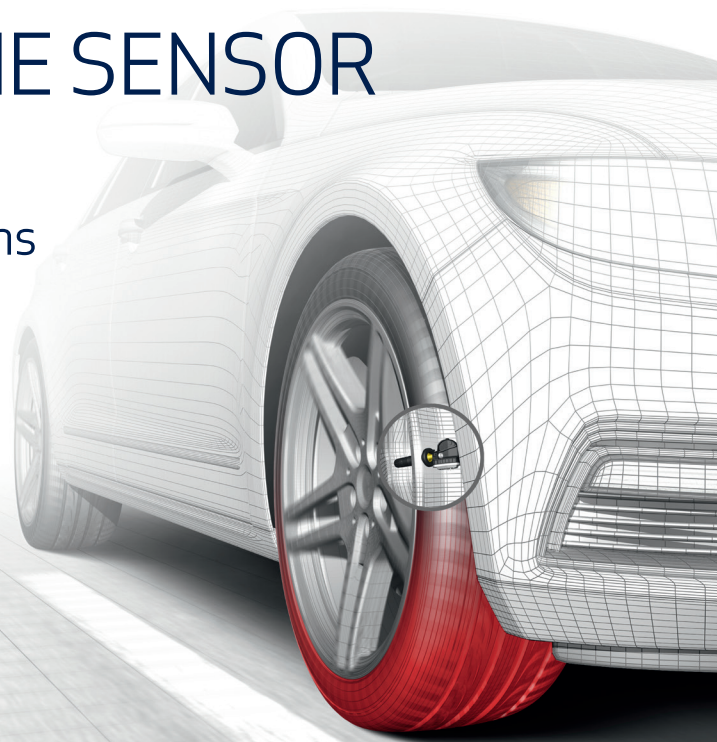

## A SINGLE SENSOR SOLUTION

- ▶ Combines 314.9, 315 & 433 MHz applications into ONE sensor
- ▶ Future proofed to support new and pending OE system technologies
- ▶ Achieves OE quality requirements
- ▶ Replicates OE functionality, including auto-locate technology

## TPMS COVERAGE IN ONE SENSOR

- ▶ Increase speed of service
- ▶ Optimize inventory levels and turns
- ▶ Eliminate potential lost sales
- ▶ Reduce overall cost of service

EZ-sensor Part #33500

Rubber Snap-in Service Pack Part #20018

Aluminum Clamp-in Service Pack Part #34000
