

A Single Sensor Solution

Same powerful, OE quality single SKU technology in three different mechanical packages for unique fitment options.

Tire Pressure Monitoring Systems (TPMS) is a popular vehicle safety feature and is mandated in many parts of the world. **Schrader Performance Sensors is the leading global original equipment manufacturer of TPMS.**

Schrader's EZ-sensor[®] family of products can be programmed to service over 96% of vehicles on the road and perform with the same OE quality that the industry expects from all Schrader products. Schrader's full service TPMS program offers world-renowned solutions for TPMS service.

Rubber Snap-In

The market's first OE quality, single SKU solution for TPMS. EZ-sensor[®] can be programmed to fit over 96% of vehicles on the road and is future-proofed to support new and pending OE system technologies. Also available with an aluminum clamp-in stem option.

Part #33500

Adjustable Angle Aluminum Clamp-In

The same single SKU technology with an adjustable angle stem to allow fitment to more aftermarket wheels. This EZ-sensor[®] offers an attractive aluminum valve stem and is rated for speeds up to 200 MPH.

Part #33700

90° Aluminum Clamp-In

Single SKU technology designed to fit specialty aftermarket rims with low profile tires and 90° valve holes. This sensor offers angled or straight stem options for further fitment, as well as silver and matte black color options for customization.

Part #33900

FEATURES

- ▶ Combines 314.9, 315 & 433 MHz applications into one sensor
- ▶ Achieves OE quality requirements
- ▶ Future proofed to support new and pending OE system technologies
- ▶ Replicates OE functionality, including auto-locate technology

BENEFITS

- ▶ Reduces overall cost of service
- ▶ Increases speed of service
- ▶ Optimizes inventory levels and turns
- ▶ Eliminates potential lost sales

33500 EZ-sensor® Service Pack Options

**Rubber Snap-In
#20018**

Includes: plastic sealing cap, screw, brass valve core and rubber snap-in stem

**Aluminum Clamp-In
#34000**

Includes: plastic sealing cap, nickel plated valve core, aluminum clamp-in stem, hex nut, screw and rubber grommet.

**Black Anodized Aluminum
Clamp-In #34010**

Includes: plastic sealing cap, nickel plated valve core, black aluminum clamp-in stem, hex nut, screw and rubber grommet.

33700 Adjustable Angle EZ-sensor® Service Pack Options

**Aluminum Adjustable Angle
#20049**

Includes: plastic sealing cap, nickel plated valve core, valve stem, hex nut, aluminum seat and rubber grommet.

33900 90° Clamp-in EZ-sensor® Service Pack Options

**90° Aluminum
Straight Stem
#25080**

**90° Aluminum
Angled Stem
#25078**

**90° Black
Straight Stem
#25083**

**90° Black
Angled Stem
#25082**

Includes: plastic sealing cap, nickel plated valve core, nut and rubber grommet.
